

`G` Garganega 2014

Veneto, Italy

Grape Varieties	100% Garganega
Winemaker	Matt Thomson
Closure	Screwcap
ABV	12.5%
Bottle Sizes	75cl
Notes	Sustainable, Vegetarian, Vegan

PRODUCER

Alpha Zeta was conceived in 1999 when Liberty Wines set out to produce a range of modern, fruit-driven wines from the hills outside Verona. Working with leading New Zealand winemaker Matt Thomson of Blank Canvas, Alpha Zeta works directly with growers rather than buying bulk wine, the standard for most wines from Verona at this price. In doing so, ripe grapes are obtained by reducing yields and picking later, utilising Matt's expertise to preserve these flavours in the finished wines. As a result, Alpha Zeta continues to offer great value, quality, balance and typicity.

VINEYARDS

Garganega is the principal grape of Soave. The vineyards are situated in the hills outside Verona in the Valpantena Valley. Cool currents blow down the valley from the foothills of the Dolomites, which helps to moderate the climate, enabling the grapes to ripen slowly. This helps the grapes to retain their aromatic compounds and acidity. The soil is poor and chalky so the vines are put under stress helping to produce superior quality fruit.

VINTAGE

2014 was one of the trickiest vintages seen since 1984. It was a mild and wet winter followed by a wet summer so expertise was required in the vineyard to maintain healthy grapes. Nevertheless, wines from around Verona look good and are more aromatic than last year and lighter in body than previous vintages. In general, the whites have a higher acidity than seen in recent years so need a bit more time on their lees to fatten out. Garganega, being a late ripener, was largely unaffected by disease and benefitted from the Indian summer that arrived from about mid September onwards.

VINIFICATION

The grapes were hand harvested, destemmed, crushed and chilled on the way to the press with no sulphur addition. The juice was naturally settled and after racking, cultured yeasts were added to initiate fermentation, which took place at 12-14°C. These relatively low fermentation temperatures help preserve the fresh fruit character of the grapes. 20% of the must was fermented in large format oak to add another layer of complexity. The wine was then held in temperature controlled stainless steel tanks until bottling.

TASTING NOTES

Bright, pale lemon in colour with a fresh, aromatic nose with perfumes of almond blossom and a touch of acacia. On the palate, the Garganega is lively and crisp, with a delicate honey and almond character and a clean, zesty finish with a twist of lime.
