

`R` Rosato 2019

Veneto, Italy

Grape Varieties	70% Corvina 20% Merlot 10% Rondinella
Winemaker	Matt Thomson & Michele Peroni
Closure	Screwcap
ABV	12.5%
Residual Sugar	5.18g/L
Acidity	5.54g/L
Wine pH	3.45
Bottle Sizes	75cl
Notes	Vegetarian, Vegan

PRODUCER

Alpha Zeta was conceived in 1999 when Liberty Wines set out to produce a range of modern, fruit-driven wines from the hills outside Verona. Working with leading New Zealand winemaker Matt Thomson of Blank Canvas, Alpha Zeta works directly with growers rather than buying bulk wine, the standard for most wines from Verona at this price. In doing so, ripe grapes are obtained by reducing yields and picking later, utilising Matt's expertise to preserve these flavours in the finished wines. As a result, Alpha Zeta continues to offer great value, quality, balance and typicity.

VINEYARDS

The vineyards are situated at 100-400 meters above sea level in the hills outside Verona in the Valpantena Valley and are south/south-east facing. Cool breezes blow down the valley from the foothills of the Dolomites, which moderate the climate, enabling the grapes to ripen slowly. This helps the grapes to retain their aromatic compounds and acidity. The soil is poor and chalky so the vines are put under stress and produce superior quality fruit. The vines are 20-30 years old on average and are trained using both the traditional Pergola Veronese and Guyot system.

VINTAGE

Winter in Veneto was colder than normal, and April and May were also relatively cool. Bud burst was delayed by 10-12 days compared to 2018, but rainfall and high temperatures in the following weeks brought forward flowering. June saw heat waves which presented some challenges in the vineyard. Fortunately, timely rainfall prevented hydric stress and the fruit ripened consistently. Overall, the grapes developed normally and in perfect condition. Yields were slightly lower than those of the previous vintage.

VINIFICATION

The grapes were hand harvested, destemmed, crushed and macerated on their skins for about 18 hours. After maceration, the must was pressed with a pneumatic press and fermented in 1200HL stainless steel tanks at a relatively low temperature of 14°-15°C to retain the delicate cherry perfumes of Corvina. The wine was held in temperature-controlled, 1200HL stainless-steel tanks until bottling to maximise freshness.

TASTING NOTES

This wine is pale pink in colour with attractive aromas of strawberries and cherries, which are complemented by subtle floral notes. This wine is dry on the palate, with a vibrant red fruit character and a slightly mineral finish.
