

Grape Varieties **40% Cabernet Sauvignon**
35% Syrah
25% Merlot

Winemaker **Benedetta Contini Bonacossi**

Closure **Natural Cork**

ABV **14.5%**

Residual Sugar **0.54g/L**

Acidity **5.93g/L**

Bottle Sizes **75cl**

Notes **Certified Organic, Vegetarian, Vegan**

PRODUCER

The Capezzana estate, 24 kilometres north west of Florence, is owned by the Contini Bonacossi family. The younger generation is now firmly in charge of the estate's 80 hectares of vineyard, with daughter Benedetta Contini Bonacossi as winemaker and Franco Bernabei as consultant winemaker. The wines and the olive oil have an elegance which marks this estate out from the crowd.

VINEYARDS

Grapes for this wine are grown on the alluvial valley of the Furba River. The south/south-west facing vineyards are situated at approximately 200 metres above sea level. The soils are very diverse, with marl, schist, galestro and alberese rocks, and also some limestone, which adds a certain complexity to the wine. The ideal climatic conditions allow Capezzana to practise an eco-friendly form of farming, without using pesticides. Other sustainable farming practices at Capezzana include the use exclusively of organic fertilisers, a technique known as "sovescio" (ploughing under legume and cereal crops grown between the vines' rows), and no use of herbicides. The vines are between 28 and 40 years old.

VINTAGE

2020 began with a fairly mild, dry winter, followed by rain showers in late April and early May. Summer was also characterised by hot and windy days, alternating with cool nights, which helped with fruit ripening. There were few instances of rain in July and August, followed by extreme rain in September. It was an excellent vintage in terms of quality, however as it is often the case with great vintages, the production suffered a decrease of about 25-30% (compared to yields in 2019).

VINIFICATION

All of the grapes were hand harvested. Fermentation lasted seven days and took place in temperature-controlled stainless steel tanks. Temperatures did not exceed 28°C during fermentation. After 13 days of maceration, the wine was transferred into French barriques, where malolactic fermentation was completed within one month. The wine was aged for 18 months in 225-litre French oak barriques, of which 10% were new. It remained in bottle for at least a year before release.

TASTING NOTES

This wine is intense ruby red in colour. On the nose there are distinct aromas of black cherries, blackberries with hints of cocoa and oak-derived spice. The palate is full bodied, with ripe and fresh tannins, complemented with well-balanced acidity. The structure of this wine lends to a long and fruity finish.
